Subject: Notice of File Closure, Quality Building Stone, Inc., Martin Brown/Wilford 2 Quarry, S/007/0037, Carbon County, Utah

Dear Ms. Miller:

The file for the Martin Brown/Wilford 2 Quarry, file number S/007/0037, located in Carbon County, Utah, will now be closed and retired.

A site inspection was performed on February 3, 2010, and it was determined that the site has satisfactorily been reclaimed and can be fully released. We have received concurrence from the BLM, that they agree with the file closure. Since you did not have a reclamation surety for the site the file closure do not require a bond release.

You are hereby released by the Division from further reclamation responsibilities at this site. If you wish to conduct any future mining or exploration related activity in this area, you will need to submit a new Notice to the Division and other appropriate agency(ies), and provide reclamation surety prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5261 or Wayne Western at 538-5263. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Paul B. Baker
Minerals Program Manager
